

COUNTY OF LAKE
invites applications for the position of:
**ENVIRONMENTAL HEALTH
SPECIALIST I/II/III**

An Equal Opportunity Employer

SALARY: \$3,435.47 - \$5,330.00 Monthly

OPENING DATE: 08/18/17

CLOSING DATE: 09/06/17 05:00 PM

GENERAL RECRUITMENT INFORMATION:

Recruitments for County positions are typically conducted to establish eligibility lists to fill countywide vacancies that occur during the active status of those lists (approximately 3 -12 months). **Any person on a promotional eligibility list will be considered first by the hiring department(s) before persons on an open eligibility list.**

The County of Lake only accepts applications for permanent positions when actively recruiting. Only online applications are accepted. It is the responsibility of each applicant to review the full job description and requirements.

The County is an Equal Opportunity-Affirmative Action Employer. Veteran's Preference.

To apply for County examinations - All applications for County examinations must be submitted through the County's online application system. A completed Supplemental Questionnaire must be submitted with each online application. All permanent County recruitments will be posted at www.co.lake.ca.us with a link to the online application. The County of Lake reserves the right to limit the number of applications that will be accepted for any open recruitment, and any such limit will be included on the job posting. When a limit is posted, the recruitment is subject to close at any time prior to the final filing date. **Completed online application packets must be submitted by the close of business on the date that the recruitment closes.** All relevant experience must be included on the application to be considered – resumes and other attached documents will not be used to qualify an applicant. Relevant experience and/or education may be substituted at a ratio of 2 to 1 for the purpose of meeting minimum qualifications and applicants should contact the Human Resources department for details. **Important Notice** - The provisions listed on job postings, job descriptions, or other recruitment materials do not constitute an expressed or implied contract. Benefits may vary between bargaining units. Any provisions contained within job postings, job descriptions or other recruitment material may be modified or revoked without notice. All County of Lake applicants who are given a conditional employment offer must comply with the County's pre-employment medical review program before they may be appointed to the County position.

TRAINING AND EXPERIENCE:

ENVIRONMENTAL HEALTH SPECIALIST I

Training and Experience:

Some previous experience performing or assisting with environmental investigations and inspections is highly desirable.

Education equivalent to graduation from a four year college or university with a major in biology, chemistry, physics, environmental science, or a closely related field.

Special Requirements:

Possession of, or ability to obtain, an appropriate valid California Driver's License.

Documentation showing application to the California Department of Health Services/Environmental Health Specialist Registration Program must be submitted with a County of Lake employment application.

Ability to obtain a valid Environmental Health registration issued by the State Department of Health Services within three (3) years of initial employment with the County.

ENVIRONMENTAL HEALTH SPECIALIST II

Training and Experience:

One (1) year of previous experience performing or assisting with environmental investigations and inspections.

Education equivalent to graduation from a four year college or university with a major in biology, chemistry, physics, environmental science, or a closely related field.

Special Requirements:

Possession of, or ability to obtain, an appropriate valid California Driver's License.

Possession of a valid Environmental Health registration issued by the State Department of Health Services.

ENVIRONMENTAL HEALTH SPECIALIST III

Training and Experience:

Two (2) years of experience as a Registered Environmental Health Specialist performing a variety of environmental investigations and inspections.

Education equivalent to graduation from a four year college or university with a major in biology, chemistry, physics, environmental science, or a closely related field.

Special Requirements:

Possession of, or ability to obtain, an appropriate valid California Driver's License.

Possession of a valid Environmental Health registration issued by the State Department of Health Services.

FULL JOB DESCRIPTION:

ENVIRONMENTAL HEALTH SPECIALIST I

DEFINITION

Under supervision, to assist with and learn to conduct sanitary inspections and investigations in the enforcement of Federal, State, County, and local environmental health, safety, and hazardous materials laws, rules, regulations, and standards; and to do related work as required.

DISTINGUISHING CHARACTERISTICS

This is the entry and first working level in the Environmental Health Specialist class series. Incumbents assist Registered Environmental Health Specialists while learning environmental health inspections and enforcement functions. Incumbents are expected to attain State Registration within three (3) years of initial employment. After attaining registration and meeting the experience requirements, they are eligible for promotion to Environmental Health Specialist II. This class is distinguished from Environmental Health Specialist II in that incumbents are working in a training and learning capacity.

REPORTS TO

Environmental Health Director, Environmental Health Specialist, Supervising

CLASSIFICATIONS SUPERVISED

None.

EXAMPLES OF IMPORTANT AND ESSENTIAL DUTIES (The following is used as a partial description and is not restrictive as to duties required.) {Many of the assignments described below are performed in a

training and learning capacity with an incumbent expected to develop the capacity to increasingly work on a more independent basis}

Assists with inspections to secure compliance with federal, state and local sanitation laws and regulations governing food handling establishments, sewage disposal systems, substandard housing, land use, swimming pools, recreational health facilities, water supply systems, solid waste management, public nuisances, toxic/hazardous waste materials, zoning, underground storage tanks, and other areas; recommends changes and provides instruction for deficiency and violation corrections; advises food handlers and restaurant operators on correct sanitation methods; assists with special investigations of public complaints; conducts sanitation surveys and conferences with local officials on sanitation problems; conducts investigations of insect nuisances or infestations; works with solid waste issues and problems, including illegal garbage dumping; makes inspections of public and private recreational facilities and swimming pools; conducts a variety of health and safety compliance inspections; inspects facilities to minimize future health threats; takes water, soil, and waste samples, interpreting data; interprets environmental health laws and regulations for the public; reviews plans for new subdivisions, conducting on-site inspections to ensure suitable water and sewage facilities; reviews and recommends changes in building plans to comply with Environmental Health regulations and standards; conducts on-site evaluations of sewage disposal systems; conducts studies and evaluates information regarding underground storage tanks and other hazardous materials storages, treatment, disposal, reduction, and reuse; completes reports of findings; assists with initiation of non-compliance legal actions, filing criminal complaints in court, or scheduling an administrative hearing, as appropriate; makes abatement recommendations for environmental health problems; issues permits for wells, food handling establishments, septic systems, and hazardous and medical waste facilities; develops technical reports; prepares correspondence regarding a variety of issues.

TYPICAL PHYSICAL REQUIREMENTS

Sit for extended periods; frequently stand and walk; crawl through various areas on hands and knees; stand, walk or crouch on narrow and slippery surfaces; climb ladders, stairs, and scaffolding; ability to lift and move objects weighing up to 25 lbs; corrected hearing and vision to normal range; verbal communication; use of office equipment, including computer, telephone, calculator, copiers, and FAX; use of combustible gas meter, chlorine and PH spectrophotometer, and other applicable environmental monitoring and sampling devices.

TYPICAL WORKING CONDITIONS

Work is usually performed in office, outdoor, and driving environments; some work is performed in varying temperatures and humidity; exposure to high levels of noise; some exposure to dust; exposure to hazardous waste and materials; continuous contact with other staff and the public.

DESIRABLE QUALIFICATIONS

Knowledge of:

Chemical, biological, physical, and environmental sciences.

Basic principles and practices of environmental health, including inspection, review, compliance, and consultation methods and practices.

Basic knowledge of the functions and operations of State and Federal environmental health agencies.

Sampling techniques and standards.

Computers and software used in environmental inspections and investigations.

Ability to:

Learn the policies and procedures of Environmental Health Division of the Health Services Department.

Learn the laws, rules, regulations, requirements and procedures governing environmental health inspection and enforcement.

Assist with and learn to perform a variety of environmental health and hazardous waste investigations, inspections, and enforcement.

Collect, analyze, and interpret environmental data, reaching valid conclusions.

Read, interpret, and apply laws, rules, regulations, policies and procedures regarding environmental health inspections, compliance and enforcement.

Prepare a variety of technical reports.

Perform research and analytical work.

Operate a variety of office and technical equipment and computers in the performance of environmental health inspections and investigations.

Effectively represent the Environmental Health Division of the Health Services Department in contacts with the public, other County staff, and other government agencies.

Regularly work well under pressure, meeting multiple and sometimes conflicting deadlines.

Constantly demonstrate cooperative behavior with colleagues, supervisors, and customers/clients.

Training and Experience:

Some previous experience performing or assisting with environmental investigations and inspections is highly desirable.

Education equivalent to graduation from a four year college or university with a major in biology, chemistry, physics, environmental science, or a closely related field.

Special Requirements:

Possession of, or ability to obtain, an appropriate valid California Driver's License.

Documentation showing application to the California Department of Health Services/Environmental Health Specialist Registration Program must be submitted with a County of Lake employment application.

Ability to obtain a valid Environmental Health registration issued by the State Department of Health Services within three (3) years of initial employment with the County.

ENVIRONMENTAL HEALTH SPECIALIST II

DEFINITION

Under direction, to conduct sanitary inspections and investigations in the enforcement of Federal, State, County, and local environmental health, safety, and hazardous materials laws, rules, regulations, and standards; and to do related work as required.

DISTINGUISHING CHARACTERISTICS

This is the first experienced registered working level in the Environmental Health Specialist class series. Incumbents in this class conduct investigations in a broad range of environmental health areas on an independent basis. This class is distinguished from Environmental Health Specialist I by the fact that incumbents are expected to be fully registered. It is distinguished from Environmental Health Specialist III by the fact that Environmental Health Specialist III is the advanced journey level with incumbents expected to perform a broader range of more complex work, as well as exercise lead and work coordination responsibilities when necessary. Incumbents are subject to "call back " to respond to urgent situations outside of scheduled work hours including nights, weekends, and holidays. Incumbents are subject to be scheduled for "standby" duty after regular work hours and are obligated to respond to urgent situations while on standby duty.

Yes

* Required Question

EMPLOYEE BENEFITS

Vacation – 80 hours per year during the first five years of service, 120 hours per year after five years, and additional accruals based on years of service beyond fifteen years.. Pro-rated for part-time employees.

Holidays - An average of twelve paid 8-hour holidays per year. Pro-rated for part-time employees.

Sick Leave - Accrues at a rate of 96 hours per year. Pro-rated for part-time employees.

Health and Insurance Benefits - Medical, dental, hospital, vision, life and disability coverage is available to employees and their dependents. The County contributes \$800 of the monthly premiums for the insurance plan options.

Retirement - County employees are members of the California Public Employee Retirement system (CalPERS). CalPERS provides a defined benefit pension at retirement for County employees. The pension formulas and employee contribution amounts may vary by bargaining unit, date of hire, prior qualifying service, and classification. Please contact Human Resources for more information.

Salary - Lake County has an adopted salary schedule. The salary range for most classifications is in five increments with a provision for longevity increases. Appointments are normally made at the first step of the salary range.

Social Security - County employees participate in Social Security.

California State Disability Insurance – SDI is available to some County employees.

Deferred Compensation Plan and Credit Union Memberships are available to County employees.

Management Employees- Management Employees accrue vacation at a different rate and also receive 40 hours per fiscal year of Administrative Leave with an option for cash in lieu.

DISASTER SERVICE WORKERS

As members of the County of Lake Emergency Services Organization, all Lake County employees are designated as Disaster Service Workers during a proclaimed emergency and may be required to perform certain emergency services at the direction of their supervisor.

HIRING PROCEDURE

General Information - All candidates must establish that they are a United States citizen or an alien authorized to work in the United States prior to permanent appointment.

Eligibility Lists - The names of candidates who are successful in the examination process will be placed on an eligibility list in rank order based on examination scores. As vacancies occur, the top four eligible candidates will be referred to a department for selection. A candidate who is not selected will remain on the eligible list and will be referred to other departments as vacancies occur.

Equal Opportunity/Affirmative Action - Lake County has an excellent personnel system providing for hiring and advancement on the basis of qualifications and performance without regard to race, color, ancestry, national origin, religious creed, sex gender identity, sexual orientation, physical or mental disability, medical condition (cancer related as defined in Section 12926(F) of the Government Code 12990), age, marital status, or other non-merit factors.

Veterans Preference - Veterans of the armed forces of the U.S. who have received Honorable Discharges within the last three years from active duty, shall receive an additional five points added to his/her final composite test score. This preference will apply only to the first appointment to any permanent County position. A copy of a valid DD214 must be submitted on or before the final filing date in order to be eligible for Veterans Preference points.

Physical Examination - All candidates will be required to pass a County physical examination or medical questionnaire screening prior to permanent appointment.

Background Investigations -Employment in certain departments is contingent upon successfully passing a background investigation. Applicants for these positions will be required to complete and sign an authorization/release form/packet enabling such an investigation. Failure to complete, sign, and return the form/packet will exclude the applicant from further consideration for the vacancy. A polygraph test may be required as part of the background investigation.

DOT - The Federal Department of Transportation (DOT) designates certain County of Lake positions as Safety Sensitive Drivers. Applicants for these positions will be required to comply with all DOT hiring requirements, including pre-employment drug and alcohol testing, before they may be appointed to the County position.
