

JOB ANNOUNCEMENT

Environmental Inspector I/II - PBCE

Planning, Building and Code Enforcement Department

Requisition ID: 1800726

About the Department

The Planning, Building and Code Enforcement Department's mission is to facilitate the preservation and building of a safe, attractive, vibrant and sustainable San José through partnership with and exceptional service to our diverse communities and customers.

The department is committed to high-quality service, partnering with the community, and providing an excellent environment in which to work. We strive to constantly demonstrate the City values of Integrity, Innovation, Excellence, Collaboration, Respect, and Celebration, and seek employees who do the same.

Position and Duties

The Department of Planning, Building and Code Enforcement, Code Enforcement Division, is hiring an Environmental Inspector I/II in its Local Enforcement Agency (LEA) Program. This environmental professional is one of four members of San José's CalRecycle, State Certified Local Enforcement Agency. This position will be responsible for facility inspections of Solid Waste Permitted facilities to assure compliance with State Public Resource Codes and California Code of Regulations Titles 14 & 27, complaint investigations, enforcement activities, random gas monitoring at closed landfills, and review and approval of Solid Waste Facility Permits and technical documents.

The incumbent will be expected to maintain positive and open communication with facility operators, other City, County, State Agencies and to attend required training(s).

Typical duties for this position include but are not limited to:

- Inspects open landfill, materials recovery facilities, closed landfill sites, composting operations, construction & demolition debris recycling facilities for compliance with Federal, State and Local Regulations.

- Intake, review, determine if technical documents/applications are complete and correct per State Regulations.

- Consult with LEA supervisor and CalRecycle to determine appropriate enforcement actions to take against facility owner/operator per investigations.

- Prepare and present enforcement case violations to the City of San José and LEA hearing officer for further actions.

- Provide education on program policies and regulations at community meetings (SWEP, CEQA, etc.), technical conferences, Division Code Enforcement Academy, etc. as needed/requested by management.
- Participate in developing and implementing policies, procedures and technical protocol specific to the LEA program.
- May be responsible for the application, completion and/or monitoring of the annual EA grant to CalRecycle.
- Must learn and become proficient in the CalRecycle Solid Waste Information System (SWIS) processes/procedures and Decade Envision Connect procedures.
- Respond to and investigate odor complaints relating to compost facilities within the designated areas immediately or within the same day the complaint was received.
- May be assigned to responsibilities associated with annual updates to the Environmental Enforcement Plan (EPP). Provide ongoing monitoring to ensure all approved changes are updated immediately, formatted per CalRecycle recommendations and sent to CalRecycle for EPP update.
- Required to participate in the Annual Medical Monitoring Program to assure proper health and fitness are monitored and maintained to do the job.
- Maintain daily activity log, daily record keeping updates of pertinent facility documents to maintain a complete facility history.
- Work with LEA supervisor and CalRecycle to enforce regulations/conditions specific to SWFP and associated technical documents.
- Draft and issue solid waste facility permits for new sites and revise permits at existing facilities when there are changes as well as perform five years of all permitted facilities.
- Prepares enforcement cases for the City and district attorneys, including preparing analytical data reports and interpreting analyzing, data laws, rules and regulations.
- Responds to emergency spills, overseas cleanup, ensures clean up compliance.

A Registered Environmental Health Specialist (REHS) is highly desirable.

*Work Condition

Incumbents may be required to participate in an annual physical

This recruitment may be used to fill multiple positions in this, or other divisions or departments. If you are interested in employment in this classification, you should apply to ensure you are considered for additional opportunities that may utilize the applicants from this recruitment.

Minimum Qualifications

1. Education: Bachelor's Degree from an accredited college or university in Environmental Science, Engineering, Biology, Chemistry, or a closely related field

2. Experience:

Environmental Inspector I: None

Environmental Inspector II: Two (2) years of increasingly responsible experience in environmental inspection and/or environmental consulting experience in assessing industrial, commercial, residential, and/or institutional facilities for compliance with Federal, State, or local codes OR equivalent experience in laboratory work, hazardous materials, or process control.

3. Licenses or Certificates: Possession of a valid State of California driver's license

Employment Eligibility: Federal law requires all employees to provide verification of their eligibility to work in this country.
