Would require, by January 1, 2018, any new or replacement pipeline near environmentally and ecologically sensitive areas in the coastal zone to use best available technologies to reduce the amount of oil released in an oil spill to protect state waters and wildlife. The bill would require, by July 1, 2018, an operator of an existing pipeline near these sensitive areas to submit a plan to retrofit the pipeline, by January 1, 2020, as provided. By creating a new crime, the bill would impose a state-mandated local	Chaptered: 10/8/2015	10/8/2015-Chaptered by Secretary of State - Chapter 592, Statutes of 2015.			Dropped
10/10/2015-A. CHAPTER ED	AB 901	Gordon D	Solid waste: reporting requirements: enforcement.	The California Integrated Waste Management Act of 1989, administered by the Department of Resources Recycling and Recovery, generally regulates the disposal, management, and recycling of solid waste. This bill would revise specified provisions by, among other things, (1) requiring recycling and composting operations and facilities to submit specified information directly to the department, rather than to counties, (2) requiring disposal facility operators to submit tonnage information to the department, and to counties only on request, and (3) deleting the requirement for counties to submit that information to cities, regional agencies, and the department. The bill would require a minimum of \$1.50 per ton of the fee collected from each operator, until January 1, 2022, and would authorize some or all of the fee collected thereafter, to be allocated to activities that promote recycling and the highest and best use of materials, as specified. This bill contains other related provisions and other existing laws.	Amended: 8/17/2015	8/19/2015-In committee: Set, second hearing. Hearing canceled at the request of author.		S2	Important. Need to engage in 2016.

10/11/2015- A. CHAPTER ED	AB 1073	Ting D	Pharmacy: prescription drug labels.	Would require a pharmacist to use professional judgment to provide a patient with directions for use of a prescription that enhance the patient's understanding of those directions, consistent with the prescriber's instructions. The bill would also require a dispenser, excluding a veterinarian, upon the request of a patient or patient's representative, to provide translated directions for use as prescribed. The bill would authorize a dispenser to use translations made available by the California State Board of Pharmacy pursuant to those existing regulations. 5/15/2015- A. 2 YEAR	AB 1377	Thurmond D	Solid waste: recycling: diversion: green material.	The California Integrated Waste Management Act of 1989 requires the source reduction and recycling element to divert from disposal 50% of all solid waste subject to the element through source reduction, recycling, and composting activities, with specified exceptions. Current law governs the use of solid waste as alternative daily cover in the construction and operation of a solid waste landfill, including the determination of what constitutes diversion through recycling rather than disposal. Current law provides for the Department of Resources Recycling and Recovery to adopt regulations in this regard. This bill would delete obsolete provisions relating to the adoption of regulations. 10/2/2015-A. CHAPTERED	AB 275	Committee on Environmental Safety and Toxic Materi	Hazardous substances: liability recovery actions.	Current law authorizes the money deposited in the Toxic Substances Control Account in the General Fund to be appropriated to the Department of Toxic Substances Control for specified purposes, including the payment of the costs incurred by the state for completion of the removal or remedial action for hazardous substances. This bill would specifically apply those provisions to response and corrective actions, instead of to removal and remedial actions, and would delete the requirement that the remaining portion of a judgment for costs and expenditures that is not apportioned among the liable persons be paid from that account. 8/28/2015-S. 2 YEAR	AB 649	Patterson R	Medical waste: law enforcement drug takeback programs.	The Medical Waste Management Act regulates the disposal of medical waste, including requiring medical waste to be treated by specified methods prior to disposal, including incineration in a controlled-air, multichamber incinerator, or other method of incineration approved by the State Department of Public Health that provides complete combustion of the waste into carbonized or mineralized ash. This bill would include among those authorized treatment methods any alternative medical waste treatment solely designed to treat pharmaceutical waste, including a pharmaceutical incinerator, as defined, and would require this method to be evaluated and approved by the State Department of Public Health. 10/8/2015-A. CHAPTERED	AB 1420	Salas D	Oil and gas: pipelines.	Would require the Division of Oil, Gas, and Geothermal Resources, by January 1, 2018, to review and evaluate, and update as appropriate, its current regulations regarding all active gas pipelines that are 4 inches or less in diameter, in sensitive areas, and 10 years old or older, as specified. The bill would define active gas pipelines as inservice gas pipelines of any diameter within the division's jurisdiction. 8/28/2015-A. 2 YEAR	SB 20	Pavley D	California Water Resiliency Investment Act.	Under current law, various measures provide funding for water resources projects, facilities, and programs. This bill would create the California Water Resiliency Investment Fund in the State Treasury and provide that moneys in the fund are available, upon appropriation by the Legislature, for the purpose of providing a more dependable water supply for California. This bill would create various accounts within the fund for prescribed purposes.	Amended: 8/26/2015	8/28/2015-Failed Deadline pursuant to Rule 61(a)(11). 9/28/2015-S. CHAPTERED	SB 162	Galgiani D	Treated wood waste.	Current law requires the wood preserving industry to provide certain information relating to the potential danger of treated wood to wholesalers and retailers of treated wood and wood-like products. Current law requires these wholesalers and retailers to conspicuously post the information at or near the point of display or customer selection of treated wood and wood-like products, as specified. This bill would update the information required to be posted by wholesalers and retailers of treated wood and treated wood-like products. 10/2/2015-S. CHAPTERED	SB 612	Jackson D	Hazardous materials.	The Department of Toxic Substances Control has adopted regulations establishing standards for generators of hazardous wastes and establishing standards for owners and operators of hazardous waste transfer, treatment, storage, and disposal facilities. This bill would require that a generator of hazardous waste include all hazardous waste that it has generated in any month, except for universal wastes, as defined, when computing whether it is required to comply with specified regulatory requirements. The bill would require the department to adopt regulations by December 1, 2016, incorporating instructions to hazardous waste generators implementing this requirement.
