2Yr	AB	410		De La Torre (D)	Recycled Water	Relates to the Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006. Requires the State Department of Water Resources to give additional consideration for grants for projects that assist local public agencies meet the state's long term water needs, to proposals for the preparation of salt and nutrient management plans consistent with the recycled water policy of the State Water Resources Control Board. Sets new statewide water recycling goals.	7/13/2009	Senate Appropriations Committee	SUPPORT

2Yr	АВ	737	Chesbro (D)	Solid Waste: Diversion	Requires the Department of Resources Recycling and Recovery to report to the Legislature on the current diversion rate in the state and potential strategies to increase it. Requires solid waste businesses that generate a certain amount to take specified action to reduce, reuse, or recycle. Authorizes a local agency to charge and collect a fee from a commercial waste generator to recover costs incurred in complying with the commercial recycling program. Relates to solid waste facility permit requirements.	8/20/2010	Enrolled	NEUTRAL
	АВ	1728	Gilmore (R)	Minimum Civil Penalties: Automatic Composite Sampler	Amends existing water quality control law that prescribes waste discharge requirements and places a mandatory minimum penalty for each serious waste discharge violation that occurs in a specified time period. Provides that a public owned water treatment works with the option of using an automatic composite sampler, in lieu of grab samples, to collect representative water samples for monitoring constituents that are subject to the mandatory minimum penalties.	3/18/2010	Assembly Environmental Safety and Toxic Materials Committee	WATCH
	AB	1834	Solorio (D)	Rainwater Capture Act of 2010	Enacts the Rainwater Capture Act of 2010. Authorizes a landowner to install, maintain, and operate a rainwater capture system meeting specified requirements. Authorizes a public agency to lead a statewide stakeholder process to consider and address issues arising out of expansion of rainwater and stormwater capture. Authorizes the Water Resources Board to adopt related policies or guidelines. Authorizes a landscape contractor to enter into a contract for such system under certain conditions.	8/17/2010	To Governor	WATCH
	AB	1843	Gilmore (R)	Water Supply Security: Reports	Relates to the Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002. Requires the Office of Homeland Security to submit confidential reports to the Legislature regarding the current security status of the state's existing drinking water systems and facilities, with a special focus on vulnerability to terrorist attacks and recommended actions necessary to correct the security status.		Assembly Governmental Organization Committee	WATCH
	AB	1884	Galgiani (D)	Local Water Supply Projects: Inventory	Requires the Department of Water Resources to conduct a statewide inventory of local regional water supply projects and post the results of the inventory on the department's Internet Web site.		Assembly Water, Parks and Wildlife Committee	WATCH
	AB	2107	Fuller (R)	State Water Pollution Control Revolving Fund	Makes technical, nonsubstantive changes to existing law that continuously appropriates state and federal funds in the State Water Pollution Control Revolving Fund to the State Water Resources Control Board for loans and other financial assistance for the construction of publicly owned treatment works.		ASSEMBLY	WATCH
	АВ	2256	Huffman (D)	Product Labeling: Flushable Products	Prohibits a person from packaging or labeling a consumer product for distribution or sale in the State if that product is contained in a package, or has an affixed label, that states that the product is flushable, sewer and septic safe, or other like term or phrase unless the product meets specified criteria. Requires such persons to maintain, in written form, documentation of the testing substantiating the validity of the claim. Exempts certain retailers and wholesalers from these provisions.	6/1/2010	Senate Environmental Quality Committee	WATCH

AB	2409	Nestande (R)	Urban Water Suppliers: Water Shortage Contingency	Requires an urban water supplier, commencing with the urban water management plan update due on a specified date, for purposes of developing a water shortage contingency analysis, to analyze and define water features that are artificially supplied with water, including ponds, lakes, waterfalls, and fountains, separately from swimming pools and spas.	6/15/2010	Chaptered 07/06/2010 - Signed by GOVERNOR. Chapter No. 42	WATCH
АВ	2507	Strickland A (R)	Drinking Water	Amends the Safe Drinking Water Act. Requires the local public health officer to establish standards for, and be the primary enforcement agency over, local small water systems. Allows specified properties to use hauled water when no other water source is available for a single-family dwelling. Requires the application for use of such water to meet various requirements. Exempts such properties from the California Environmental Quality Act.	4/6/2010	Assembly Water, Parks and Wildlife Committee	WORK WITH AUTHOR. Bill Dropped.
AB	2515	Perez V (D)	Public Water Systems: Point-of- Use Treatment	Makes findings and declarations relating to groundwater contamination in the Coachella Valley. Authorizes the Department of Public Health to develop emergency regulations governing the permitted use of point-of-entry or point-of-use treatment by public water systems in lieu of centralized treatment. Authorizes a grant under the Safe Drinking Water State Revolving Fund for such treatment in lieu of centralized treatment by a system that serves a severely disadvantaged community.	8/2/2010	Enrolled	Support if amended; Amendments taken; SUPPORT
АВ	2583	Hall (D)	Water Treatment: Hazardous Materials	Requires the state Emergency Management Agency to adopt regulations to require a public water system or wastewater treatment plant that is a release stationary source and is required to prepare and submit a risk management plan to consider the use of safer technologies by the system or plant in the plan.	4/22/2010	Assembly Appropriations Committee	WATCH
SB	918	Pavley (D)	Water Recycling	Requires the Department of Public Health to develop and adopt uniform water recycling criteria for indirect potable water reuse for groundwater recharge, and develop and adopt uniform water recycling criteria for surface water augmentation, under a certain condition. Requires the department to investigate developing uniform water recycling criteria for such reuse. Requires funds to be made available to the state board to assist with the development and adoption of water recycling criteria.	8/20/2010	To Governor	SUPPORT
SB	1107	Kehoe (D)	Water Quality: Interceptor and Trap Grease	Requires the State Water Resources Board to develop, adopt, and implement regulations that include specified requirements, for a manifest system to track the transportation of interceptor and trap grease. Requires the imposition of a fee to cover the costs involved. Creates a related fund for the fee moneys. Makes a violation of these provisions a circumstance with which the registration certificate for the transport of inedible kitchen grease may be revoked.	5/24/2010	Assembly Agriculture Committee	SUPPORT

	SB	1173		Wolk (D)	Recycled Water	Defines rainwater and raw water under the Porter-Cologne Water Quality Control Act. Declares the use of raw or potable domestic water for nonpotable municipal or industrial uses, irrigation of landscaping, floor trap priming, cooling towers, and air-conditioning devices is a waste or unreasonable use of water if recycled water is available. Prohibits a person or public agency from using raw or potable water that is suitable for nonpotable municipal or industrial uses if suitable recycled water is available.	8/2/2010	To Governor	SUPPORT
